

substance of the bill will be scheduled for debate. We will not be scheduling Final Reading amendments that result in Christmas treeing bills. The worst thing I think we could do at this point would be to schedule a lot of Select File amend...a lot of Final Reading with amendments to insert other bills into those, to leapfrog above priority bills, and I'm going to attempt to discourage that as much as I can. Nonpriority bills that have amendments on them will be scheduled on a time available, substantial need sort of basis. Those are the things that I'm going to be taking into my...into consideration as I put the agenda forward for the next few days. It really is crunch time. It's not a matter of...as we stand here, we probably have less than 70 hours left to consider bills on General File and Select File and motions to return. There's a lot of that ahead of us. The bright side, looking at it, I think if we decide, as a body, that we want to move forward, we're going to be able to do that. On the other hand, if we continue with the type of debate that we've had the last couple of weeks then we're going to have to explain when we get home why things weren't done. So, with that, I would suggest, Madam President, that we...you raise the call after I'm through with my remarks here and that we pass over LB 76 and move to the next bill on Select File.

PRESIDENT ROBAK: Thank you, Senator Withem. We are on Final Reading and we move to LB 1337.

CLERK: Madam President, 1337, Senator McKenzie, I have Enrollment and Review amendments pending, Senator.

PRESIDENT ROBAK: Senator McKenzie.

SENATOR MCKENZIE: Thank you, Madam President, I would move the E & R amendments be adopted.

PRESIDENT ROBAK: Any discussion? Seeing none, all those in favor vote aye. All those opposed nay. The amendments are adopted.

CLERK: I have nothing further on the bill, Senator.

PRESIDENT ROBAK: Senator McKenzie.

SENATOR MCKENZIE: Madam President, I would move LB 1337 be advanced to E & R Final.
